The Toyota Yaris Cross combines compact SUV styling with the practicality of a city car. Its design takes inspiration from Toyota's popular Yaris but adds a more rugged, adventurous look suited to an SUV. The Yaris Cross stands out with its high ground clearance, bold wheel arches, and sporty, sculpted lines, giving it a strong road presence. The front features Toyota's recognizable grille and sleek LED headlights, while the rear is marked by sharp, horizontal taillights that emphasize its width. Inside, the Yaris Cross balances comfort and functionality, offering a raised seating position, a modern digital display, and intuitive controls. Designed with city living in mind, it maintains a compact footprint for easy maneuverability while maximizing interior space for passengers and cargo. Overall, the Yaris Cross design merges Toyota's reliability and hybrid technology with urban SUV aesthetics, making it versatile for both city and light off-road use
