**EXTREMELY RARE 390 BHP T8 HYBRID 4X4 MODEL, COST £ 60K NEW!**

2020 Volvo XC60 2.0h T8 Twin Engine 11.6kWh R-Design Auto AWD (4x4) Euro 6 (s/s) 5dr

WOW this is the rare top of the range T8 390bhp plug in Hybrid, 2.0 petrol 303bhp engine up front & a 87bhp electric motor on the rear axle both combined providing 4 wheel drive.

Has electric only range of around 22 miles in winter & closer to 30 in summer when its warmer. We find we rarely have to put petrol into it as most of our driving is less that 10 miles round trips which is easily covered by the battery & electric drive. We love the electric part of it so much we are trying a fully electric car this time.

This is the sporty R Design model which cost 60k new! finished in stunning Fusion red metallic with unmarked black half leather interior, don't let the 155k miles put you off, come see this thing, it's mint inside & out, almost no signs of wear anywhere!

testament to Volvo's build quality. Also with this being a Hybrid the petrol engine probably has very little miles on it because some of its journeys will have been on electric!

With a full Volvo service history too & just serviced by us 500 miles ago.
