VERY LOW MILES

This 2017 Audi Q3 2.0 TDI S Line Navigation presents an excellent option for buyers seeking a blend of luxury and performance in a compact SUV. With just 46,700 miles, it has relatively low mileage for its age, suggesting it still has a long and dependable service life ahead. The S Line trim offers premium features and a sporty design, which enhances both the vehicle's aesthetic and the driving experience. Equipped with a navigation system, it adds convenience for frequent drivers or those navigating new routes. The 2.0 TDI engine is known for its efficiency and robust performance, making it suitable for both city commutes and longer journeys. While some buyers may be cautious about diesel engines due to environmental considerations, this model balances strong fuel economy with lower emissions than older diesel versions, which can be appealing. Additionally, the car's maintenance history will be beneficial to potential buyers, emphasizing reliability and care. Minor age-related wear may be present, as expected in a pre-owned vehicle, but overall, this Q3 stands as an attractive and practical choice in the premium SUV segment.
