118D M SPORT AUTOMATIC**

£3,350 O.N.O

Very very well maintained car with annual service. always less than 10k between oil service. car looked after by registered BMW mechanic. Lady owned car and has always been cared for. recently had both rear reluctor rings and sensors replaced even though only one was needing which is typical of the servicing on this car. The car comes with a set of genuine BMW wheels with winter tires which can be sold with the vehicle or separately depending on price. New car has already been purchased so there is no rush to sell this car and it is worth every penny. will make a very good car for someone with lots of miles left on the clock and easier to insure as it is automatic.
