### AMG FACTORY STYLING

This is a very cared for W204 model C Class. This was arguably the most attractive C Class and this is the AMG style in the desirable smoke grey metallic.

I am a Mercedes fan and I picked this car on its condition .

The engine and 7G gearbox in these cars are extremely reliable but there are maintenance items that need to be replaced to keep them reliable. This car has had all that work done.

The gearbox has been serviced to Mercedes specification double flush. The oil cooler has been replaced ( often left leaking at the rear of the engine) . The water pump and water cooler have been replaced . The fan ecu has been replaced. These are all the ancillary weak points and if you buy one without them done you will likely have to do them . Most of the work has been carried out by Mercedes specialists. The car comes with receipts for all this work totalling over £3000 in the last 12 months. Including two oil and filter services.

The car has the correct 2 keys and everything is working. Good tyres all around and body and interior are in excellent condition. Just serviced 100 miles ago.

Superb car that has all the work done that these should have.

Feel free to view and ask questions.

MOT to 19th January 25.
