Engine Size:	980
Body Style:	Convertible
Reg:	H195CLG

Date of first registration (Japan) : 1st May 1991. Date of first registration in UK : 1st March 2011.

A great example of the limited production run Nissan Figaro made for the Japanese market. This little sky blue beauty was imported into the UK in 2011. She is 33 years old and rarer than hens back teeth.

Fully convertible with stow-away boot for the roof, she has a 1.0 litre turbocharged engine and 3-speed automatic gearbox. Solid condition with MOT to early August 2025. Runs and drives brilliantly.

If you want something unique, this wee Figaro is for you!
