GREAT SERVICE HISTORY, 7 SEATS, AUTOMATIC

The Discovery has been a staple of Land Rover's line-up since the original first appeared back in 1989 as a utilitarian alternative to the Range Rover. Over the years it transformed to become an upmarket and luxurious seven-seat family car that also happens to be excellent off-road. With the Discovery 4 the British brand had perfected the formula, with its blend of everyday versatility with a dash of Range Rover luxury making it a huge hit. While not as sharp to drive as contemporary rivals or as packed with hi-tech kit, it's hugely comfortable and its seven-seat interior is vast - few cars are as family friendly.
