The Volvo S90 has bags of kerb appeal, but people tend to notice it without making a fuss. There's no obvious nudging or pointing, just a turned head, with unspoken appreciation for the car. The design is fantastic outside and in. The seats are superbly comfortable. Live with the road noise and the S90 will gladly drive all day on the interstate without drama or complaint, its quiet confidence evident on any extended drive. It'll swallow your stuff in its great big trunk, cart around four Scandinavian-size adults, and keep you safe in a crash. It will look handsome and smart without ever seeming ostentatious or aggressive. A good car by any definition.
