

Alfa Romeo Giulia 2.2 JTDM-2 180 Speciale 4dr Auto | Feb 2018

TOP SPEC DIESEL WITH Q2 PACK

£16,000

Sadly selling my Giulia as I need something a bit more practical.

This is the 180bhp diesel Speciale, which was the highest trim with a diesel engine at the time. This gives it different front and rear bumpers, heated electric seats and a heated steering wheel.

This one has been further spec'd with front parking sensors, turbine alloys and the Q2 pack, which gives it flappy paddles, adaptive suspension, and an LSD.

Last serviced at Alfa Mallusk in Jun 24, all discs and pads changed May 2024, timing belt and water pump changed in May 2023.

(the child seat isn't included, I just couldn't be bothered to remove it for the photo)

Vehicle Features
