Consider the Nissan LEAF 110kW Acenta 40kWh 5dr Auto, an electric vehicle that offers a modern driving experience. Its automatic transmission ensures smooth handling, while the electric powertrain provides a quiet, efficient ride. Key features such as the E-Pedal and intelligent lane intervention enhance both convenience and safety, making it an ideal choice for eco-conscious drivers looking for innovation and practicality. The exterior design is contemporary and stylish, with a sophisticated white paint finish complemented by chrome door handles and a metallic blue rear bumper accent. The vehicle's door mirrors, equipped with turn signals and puddle lamps, add a touch of elegance while enhancing visibility. LED tail light signature and fog lights further enhance the vehicle's modern aesthetic, ensuring it stands out on the road. Inside, the Nissan LEAF offers comfort and cutting-edge technology. The suede fabric upholstery and tilt adjustable steering wheel create a comfortable driving environment, while features like the Nissan Connect EV 8" touch screen navigation and entertainment system, Apple CarPlay/Android Auto, and a rearview camera provide connectivity and assistance on the go. Safety is prioritised with intelligent emergency braking, rear cross traffic alert, and a comprehensive airbag system. The vehicle's telematics system and quick charge port further highlight its modernity and functionality.
