Engine Power BHP:	88.5BHP

The 2024 Renault Clio Techno 1.0 TCE is a smart choice for buyers seeking an efficient, stylish, and feature-packed compact car. Here's why it stands out: **Modern Design and Comfort** The Clio's updated design features sharp LED headlights, a sporty grille, and sleek lines, giving it a premium look uncommon in its class. **Inside**, it combines modern aesthetics with practicality, offering high-quality materials, ergonomic seating, and ample space for a car of its size. The Techno trim adds exclusive details like distinctive upholstery and a more refined dashboard layout. **Fuel Efficiency and Performance** Equipped with a 1.0-liter TCE turbocharged petrol engine, the Clio delivers a balanced mix of power and efficiency. With approximately 90 horsepower, it's zippy enough for urban and highway driving while keeping fuel consumption impressively low, around 50 mpg (WLTP). This efficiency is ideal for daily commuters and eco-conscious drivers. **Advanced Technology** The Techno trim lives up to its name, offering cutting-edge tech features: 9.3-inch touchscreen infotainment system with navigation, smartphone integration (Apple CarPlay and Android Auto), and voice control for a seamless driving experience. Digital driver's display for customizable information. Advanced driver-assistance systems (ADAS), including adaptive cruise control, lane-keeping assist, and automatic emergency braking, enhancing safety and convenience. **Practicality and Versatility** Despite its compact size, the Clio is surprisingly spacious. The 391-liter boot is one of the largest in its class, making it great for shopping, luggage, or weekend getaways. The 60/40 split-folding rear seats add flexibility for larger items. **Low Ownership Costs** The 1.0 TCE engine is known for its reliability and low running costs, making it an economical choice. **Environmental Considerations** This Clio's efficient engine emits lower CO2 levels than many

competitors, aligning with stricter emissions regulations. It's a responsible choice for buyers wanting to reduce their environmental impact without sacrificing performance. Strong Heritage and Reliability Renault has been perfecting the Clio for decades, making it one of Europe's best-selling and most trusted small cars. The 2024 model builds on this legacy, combining proven reliability with modern enhancements. Conclusion The 2024 Renault Clio Techno 1.0 TCe blends style, technology, practicality, and efficiency into a compact package that's perfect for urban dwellers, small families, or anyone who values a great all-around car. If you're looking for a vehicle that offers premium features without a premium price tag, this Clio deserves serious consideration
