Audi's A3 practically invented the premium hatch/saloon segment back in the 1990s, but now it's been joined by a host of rivals from BMW, Mercedes and Volvo. Thankfully for Audi, the latest generation is still one of the best of the breed. The Audi A3 sits above the A1 supermini in the firm's extensive range and remains a shining sales success. With a classy (if understated) exterior, a well-crafted interior and the latest safety and efficiency technology, the A3 is the car to beat in its class.
